

Model: T 6000TGSV

Tecno 65cm 3-burner glass hob with Inferno Wok Burner Technology

Features of the T 6000TGSV:

Powerful flame – everybody will adore the high power **Inferno Wok Burner** (left) which is designed and engineered to produce a powerful and efficient flame. Sheer heat generated from this revolutionary new burner allows food to be brought up to temperature much quicker, giving you that elusive charred flavour in your dishes. Rapid and semi-rapid burners on the right on the other hand are perfect for sautéing and slow simmering.

Easy maintenance – SCHOTT Germany tempered glass cooktop is not just sleek & aesthetically pleasing with 3 bevelled edges, but also easy to clean and maintain. What's more, it's available in 3 stylish colours (Black, Ceran Grey, and Optic White) to match any kitchen theme.

Precision cooking – Smooth turning knobs allow for precise flame adjustment just the way you want it!

Ergonomic design – Burners are strategically spaced to fit an XXL-sized Wok, and 2 medium pots/pans all at once.

Uncompromised Safety –Equipped with instant ignition safety valve device, which cuts off the gas supply if the flame accidentally gets extinguished.

Versatility - With our Variable Valve System (V V S), the large inferno wok burner is able to double up for both the heaviest frying and the lightest simmering simply by turning the knob to eliminate the outer ring of fire.

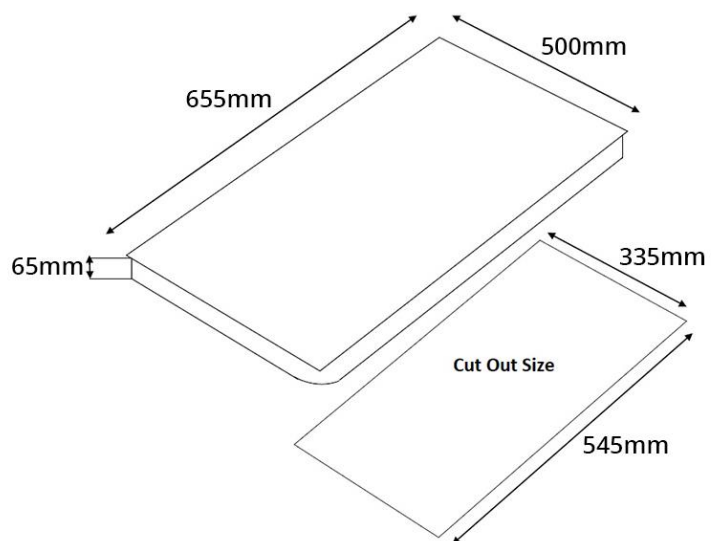

Excellent Lifespan - High-strength aluminium alloy burners and brass burner caps make for long lasting components.

Heavy duty – Sturdy Cast Iron pan and wok supports for heavy duty use

Cool Touch Knobs – Designer knobs made using Bakelite material to reduce heat absorption from the powerful burners, thus eliminating the chances of burning your fingers when adjusting the fire, especially after long periods of usage.

Dimensions

Cut-out: L545mm x D335mm H x 65mm

About the Inferno Wok Burner

4 years of intensive R&D together with decades of relentless innovation have led to the creation of the most powerful and efficient burner in the market to date. Introducing our brand new **Inferno Wok Burner**. Every aspect of its sleek futuristic design is shaped by our pursuit to maximize flame efficiency and power. Its distinct piston-like cylindrical chambers not only makes for good design but also helps create longer and more intense flames by optimizing gas dispersion and ensuring ample oxygen intake through the spaces in between.
